TRADE SHOW CASES

Have you ever worked months on a crucial corporate trade display only to discover that the wooden shipping crates failed to protect your important creative investment? Hundreds have shared that profit-robbing experience. That's why more and more professionals from industries of all types are protecting their annual investments in conventions and trade shows with U.S. Case products! Your business deserves it.

- Options and features for Tradeshow Exhibit cases:
- Traveler option for the quick in and out at the show.
- T-style (shoebox) cases for display boards and placards.
- Multi packs available for condensed shipping.
- Waterjet or die cut foam for the professional appearance.
- Trays and drawers that can work as secondary displays.
- All lifts available for projectors and plasma screens.

US Case can Hot-Stamp your logo, contact information, and any data you want onto your Custom Tradeshow Case. When there are hundreds of cases in the convention staging area, both before and after an event, being able to quickly locate your cases can save you time, money, and frustration. Hot-Stamp Labels are available to specification, including a variety of colors and size. [See More »](#)
